REPORT TITLE
Clerk's Report - For Information Only 01/10/10/801

1. The water system has been reconnected. We will once again begin the testing process. Once we receive two good samples – we can remove the “do not use for consumption” signs and be compliant with legislation. The Board of Health was in to test the water a couple of weeks ago. I am to call them once we are reconnected for their sampling purposes as well.
2. Auto doors have finally been installed.
3. We have received the playground equipment. Pat is to install as soon as his time allows.
4. I have awarded the pavilion contract to Mackey Construction. Darryl is to begin work asap.
5. It is with regret that I have received Tracy's resignation. Although disappointed, I understand that she has accepted a job closer to home with higher pay. The timing of her decision will allow us to rehire a replacement in enough time for Ruth to train prior to her retirement late next year. Tracy has advised that she will repay the Municipality for the costs of her training that we have paid for over the past year. I will begin the hiring process asap.
6. Sorry for the short meeting, I have been away all week on a course which will allow us to receive a higher percentage of funding from Stewardship Ontario for our recycling program than we would otherwise.
